

HW Fire protection socket box for timber construction

Order number: 7500062
Type: BS2700TC

Fire protection boxes - Fire resistance for timber construction

- Fire protection installation boxes for cross laminated timber construction
- Fastening by means of TC claws that anchor into the wood
- Fire protection, sound protection, airtight
- ETA-18/0628
- Safe, standard-compliant solution
- Fire resistance class up to EI90

Dimensions

Depth	50 - 50 mm
Diameter	68 mm
Internal depth	47,5 mm
Milling hole diameter	Ø 68 mm

Properties

Colour	Black
Degree of protection (IP)	IP30
Halogen-free	true

Technical features

Cable entry 5x1.5²/3x2.5²	2
max. cross section	2,5 mm²
Pipe entry ≤M25	2
Suitable for sheet thickness	≥ 10 mm

Certificates & standards

REACH	true
RoHS	true

Accessories

Equipped with	None
