

Tough on the outside. Smart on the inside.

The new IP65 damp area distribution boxes.

f5 Membrane technology

Simple, tool-free installation-
Fast, clean, secure

Flexible for any installation situation

12 side entries (max. Ø 17 mm)
2 rear entries (max. Ø 19 mm)

Protection class IP65

Reliable protection against
dust and water jets-
even in the toughest environments

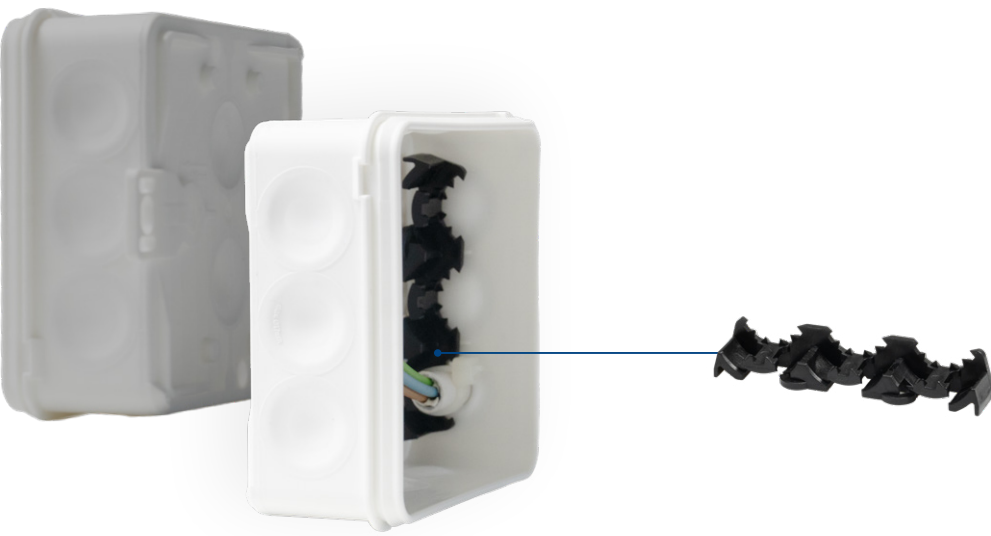

Strain relief system

Secures cables in place
(Available as accessory)

Perfect measurements

Both versions measure
85 x 85 x 37 mm

Type	ABZK-ZE
Version	Strain relief
Item no.	7390153
SU / CB / PL	5 / 250 / -
Suitable for	E1200 / E1210 variants E1300 / E1310 variants
Max. cable diameter	≤ 15mm

Distribution box with or without mounting tab
