

# INTERNATIONAL HIGHLIGHTS

## Hollow wall device sockets with BlueMulti membrane

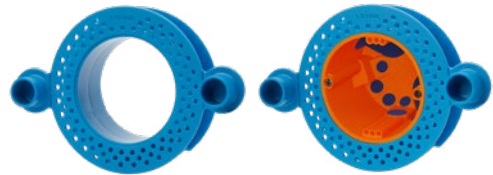

**3-way screw dome**  
For precise and convenient alignment of installed devices

**BlueMulti membrane**  
Reliably airtight and extremely easy to install

Type	HIM49EU	HIM49EU-HF	HIM62EU	HIM62EU-HF	HIM62REU
Product description	HW airtight device socket	HW airtight device socket, halogen-free	HW airtight device connection socket	HW airtight device connection socket, halogen-free	HW device connection socket, conduit installation, airtight
Article no.	7360087	7360088	7360093	7360094	7360095

**Reliable hold**  
The extended socket rim ensures a stable fit and secure hold

Type	HIM62REU-HF	HIM70EEU	HIM70EEU-HF
Product description	HW airtight device connection socket, conduit installation, halogen-free	HW airtight electronics box	HW airtight electronics box, halogen-free
Article no.	7360096	7360099	7360100

## Hollow wall fire protection socket boxes

Intelligent technology that protects

Type	BS2000	BS2700	BS3500	BS3700
Product description	Device socket	Fire protection device socket	Device connection socket	Device connection socket
Article no.	7500045	7500042	7500044	7500043

**Tested protection up to EI120**  
Fire resistance up to EI120 in lightweight partition walls and up to EI90 in cross-laminated timber and shaft walls

**Fire protection, sound protection, airtight**  
Maximum safety in one system

**Simple, tool-free installation**  
Extremely quick and easy to install thanks to innovative membrane technology and a standard diameter of 68 mm

## Distribution boxes

### Maximum wiring space

Type	E126	E125	E113	E114	E128
Product description	Distribution box 85 x 44 x 40 mm	Distribution box 75 x 75 x 40 mm	Distribution box 85 x 85 x 40 mm	Distribution box 100 x 100 x 40 mm	Distribution box 134 x 89 x 40 mm

**Strain relief as an accessory**  
Standardised cable retention for lasting stability

**High protection up to IP65**  
Ideal for demanding environments

**Tool-free & stable**  
Convenient, tool-free entry options combined with high stability

Type	ABZK-ZE
Product description	Strain relief
Article no.	7390153

## Field distributors and distribution cabinets

### More space for your distribution needs

- **Versatile application:** Available as a classic distributor, media distributor or distributor with 2-field top-hat rail for terminal blocks.
- **Countless options:** Field distributors with up to 288 dividing units and distribution cabinets with up to 540 offer plenty of installation space.
- **Simple installation:** Tool-free cable entries and a flexible mounting system enable quick installation

## Flush-mounted power circuit distributor

### JUMBO

Type	UPV12+2ST	UPV24+4ST	UPV36+6ST	UPV48+8ST	UPV60+10ST
Product description	FM small distributor with screw terminal 1-row	FM small distributor with screw terminal 2-row	FM small distributor with screw terminal 3-row	FM small distributor with screw terminal 4-row	FM small distributor with screw terminal 5-row
Article no.	7210028	7210029	7210030	7210031	7210063

## Surface-mounted power circuit distributor
